Skills Gap Analysis

Benefit from an internal deep dive into what skills are needed where within your organisation.

Don't have a dedicated Learning & Development team?

That's where SBK Consulting comes in. We understand that smaller organizations often lack the resources for extensive internal L&D. That's why we offer a tailored, cost-effective solution: a comprehensive skills gap analysis. Making sure your organisation runs as smoothly as possible.

We provide a deep dive analysis, identifying opportunities, providing detailed analysis and solutions while focussing on staff morale and efficiency.

A Workforce Health Check

Think of it as a health check for your workforce. We'll work closely with you to:
Identify the skills your business needs to thrive.
Assess the current skill levels of your employees.
Pinpoint the specific gaps that are hindering your progress and provide a plan and resources to set things in the right direction.

A Skills gap analysis identifies workforce deficiencies, enabling targeted training, boosting productivity, and ensuring strategic organizational growth.

About Us

“The only sustainable competitive advantage is an organization’s ability to learn faster than the competition.” - Peter Senge

SBK Consulting brings a wealth of experience and expertise to the world of learning and development. With years of hands-on experience working alongside some of the largest global corporations, we’ve honed our ability to create impactful and transformative learning solutions. Our team’s diverse background extends beyond the corporate sphere, encompassing valuable experience teaching in schools and lecturing at universities, providing us with a comprehensive understanding of diverse learning styles and pedagogical approaches. This rich tapestry of experience forms the foundation of our commitment to accessible and effective learning.

Our expertise extends beyond traditional training methodologies. We are masters of multimedia, leveraging our extensive experience in video design, cutting-edge e-learning development, and visual design within the Adobe Suite to create engaging and immersive learning experiences. Our team’s proficiency is further strengthened by a Master of Business Administration, providing us with a unique blend of creative and strategic insights. This combination allows us to create learning solutions that are not only visually compelling and pedagogically sound but also aligned with your organization’s business objectives.

At the heart of SBK Consulting is a genuine passion for learning and development. We believe in the transformative power of education and are dedicated to empowering individuals and organizations to reach their full potential. We are committed to staying at the forefront of industry trends, continuously exploring new technologies and methodologies to deliver innovative and effective learning solutions. We are driven by a desire to create learning experiences that are not just informative, but truly inspiring.
